

DEFIBRILLATOR BUYER'S GUIDE

BROWSE OUR BESTSELLERS FOR THE RIGHT AED FOR YOU

Cardiac arrest can strike anyone at any time, so it's crucial to be prepared. For every minute that passes without defibrillation, chances of survival decrease by 7-10%. Automated External Defibrillators make simple use of advanced technology so that anyone can save a life. Now that you know why you should get an AED, let us help you choose one!

At Direct365, we have a range of AEDs with **FULLY OR SEMI AUTOMATIC FUNCTIONS**. That means they're easy to operate and designed for those with no first aid experience, helping you to save lives at the push of a button. With options for paediatric pads, these AEDs are **SUITABLE FOR ALL AGES** and come with bundle choices to save you money. Check out our breakdown of **BESTSELLERS** and pick your ideal AED today.

USER FRIENDLY!

PHILIPS HEARTSTART HS1 SEMI-AUTOMATIC

This lightweight AED provides real-time guidance with **simple step-by-step voice commands and CPR coaching**, altering instructions for a child when paediatric pads are inserted. The HeartStart has **Quick Shock functionality**, delivering shocks quickly after patient care pauses.
